Allowable Subject Matter

1. This office action is response to the RCE filed on 10/13/05.
2. Claims 1-19 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:

Upon further consideration, prior art of record (closest reference, Brankovie et al. – US 6,650,178), taking alone or in combination with others, fails to fairly teach the particular demodulator and method for demodulation, as claimed, in independent claims 1 and 14 (claims 2-13, 15-19 depend therefrom). Thus, claims 1-19 are found to be novel and unobvious over prior art of record.
